🏢 COMPETITIVE LANDSCAPE

Player	Approach	Limitation
Uber AV Services	Depot cleaning + charging	Competitor to Waymo
Transdev	1,000+ operators	Depot-bound
Tesla Robots	Patents only	Years away

> **MOTRA Edge:** Neutral (Switzerland) · Mobile-first · 100% focused

🛡️ RISK MITIGATION

Adjacent Markets (if AV slows):

Fleet	Current	Target
Amazon (Rivian)	30,000 EVs	100,000 by 2030
FedEx	200,000+ vehicles	All-electric 2040
UPS	18,300+ alt-fuel	10K more ordered

Total: 250K+ commercial EVs need service regardless of robotaxi growth.

💰 UNIT ECONOMICS

Avg service price	**$15**
Tech payout	$10-11 (65-70%)
Platform margin	**$4-5 (27-33%)**
At scale (10K/day)	$150K rev, $40-50K margin

🎯 GTM STRATEGY

- **Phase 1:** Manual pilot — 1 operator, 1 city, free 30-day
- **Phase 2:** Convert to paid, price 20% below Transdev
- **Phase 3:** Expand, launch app, target $100K MRR

DoorDash insight: Warm intros = 3-5x better close rate.

🚀 EXIT STRATEGY

Path	Timeline	Value
Acquisition (most likely)	3-5 years	$100-500M
Fleet services roll-up	4-6 years	Variable
IPO path	7-10 years	$1B+

Likely acquirers: Waymo, Uber, Amazon (Zoox)
Comparable: Zoox acquired for $1.2B

💼 THE ASK

$1.5M
SEED ROUND

18mo
RUNWAY

Milestone	When	Target
First contract	M6	$10K MRR
PMF	M12	$100K MRR
Series A ready	M18	$300K MRR
