TARIFF DEADLINE: TOMORROW APR 2

Today: NC-3 + Shed Blitz + Easter Push

TARIFF DEADLINE — TOMORROW APRIL 2 — SHED LAST CALL

This is the last morning TJ wakes up with pre-tariff pricing. Every shed quote sent today is a real close opportunity. Lumber + steel tariffs take effect April 2. Use this exact line: *"I know it's April Fools but these prices are 100% real — and they're the last pre-tariff prices we'll have. Tariffs hit tomorrow."*

APRIL FOOLS + TARIFF = HIGHEST ENGAGEMENT SHED DAY OF THE YEAR

- **The hook is built** — April 1 Last Day Blitz Kit is live in the dashboard. Fire Listing 1 between 7-8 AM **NOW**
- **April Fools angle:** "No, this isn't a joke." — that line alone generates more engagement than any other shed headline we've ever written. Confusion → curiosity → click.
- **Text all open Marketplace leads:** "Hey [name] — I know it's April Fools but this isn't a joke: our pre-tariff pricing ends tomorrow. Lumber + steel go up April 2. Worth locking in if you've been on the fence."
- **4 timed listings scheduled** throughout the day in the Blitz Kit — 7 AM, 10 AM, 1 PM, 4 PM. Space them out.

Win math: 23 units in stock. Need 1 committed buyer today to make this the best April 1 in TuffShed/WoodMaster history. Garage sale = \$400-600 commission. Mid-range = \$250-450. Entry = \$100-200. Even one entry-level close = \$100+ for 20 mins of texting.

Today's Game Plan — 4 Priorities in Order

7–8 AM

Fire Shed Listing 1 (April Fools + Tariff hook) — Open the April 1 Blitz Kit, copy Listing 1, post to Facebook Marketplace. Best reach window of the day. The April Fools hook will get comments by 9 AM.

8–9 AM

Fire NC-3 North County post — Today's post targets Bridgeton Facebook groups (NC conquest Day 3 of 5). Open North County Launch Command, copy NC-3 post, paste into Bridgeton and North County groups. This is the orphaned customer hook: "Did your dog waste service disappear?" — strongest reply-generator of the 5-day run.

9–10 AM

Easter push post — Easter is 4 days away (Saturday April 5). Open Easter Sprint Kit, fire the "April 1 Day" content — the April Fools version works doubly for Easter: "April Fools Day — but this one isn't a joke: your yard still hasn't been cleaned from winter." Post to Facebook community group + Nextdoor (Crestwood/South County first).

10 AM – noon

Commercial calls — TOP 5 FIRST — Best calling window of the week. Open Commercial Calling Hub. Priority: Willowbend (636-200-6759), The Finn (314-254-8989), Village Square (314-227-1937), ReNew Chesterfield (636-245-2784), NRE Portfolio (314-968-1863). 5 calls = less than 20 minutes of dialing.

Noon

Check FB Ads Manager — Ads launched Monday. By now you should have 48 hours of data. Key metrics to check: Impressions (should be 500+), Leads (any?), CPL (cost per lead). If impressions are low → broaden targeting. If zero leads → check if /spring page is live and converting.

1 PM

Fire Shed Listing 2 + Easter "48-hour warning" post — Shed Listing 2 = the 12x24 garage focus (highest commission, serious buyer). Easter "48 hours to Saturday" post → Nextdoor (kid safety + yard angle converts hardest here).

4–5 PM

Shed Listing 4 (entry level) + Reply to all comments — Afternoon window catches budget-sensitive Marketplace browsers. By 4 PM you should have comments on the April Fools listing — respond to every one. Comments = algorithm signal = more reach.

Tidy Tails — Easter Sprint (4 Days Left)

This is the single highest-conversion window of the spring. Parents are actively thinking about their yard RIGHT NOW before Saturday. The Easter Sprint Kit has all 4 days of posts (Tue–Sat) with exact copy. Today's content = the April Fools dual-hook.

TODAY'S DOG POSTS (COPY-PASTE FROM EASTER SPRINT KIT)

- **Facebook community group (8-9 AM):** "April Fools post that's 100% NOT a joke" — 3 dog poop facts with Easter framing. High engagement day. Two versions in the kit (long FB version + punchy Nextdoor version).
- **Nextdoor (South County 9-10 AM):** Short 5-line version — "Easter is Saturday. Your yard is still waiting. We can fix that." → text 314-850-7140 for this week's cleanup slots.
- **Instagram (afternoon):** Quick 2-3 line caption with 🐶 emoji — "The only April Fools joke? Thinking you can wait until after Easter to clean the yard."

KEY REMINDER: TEXT CURRENT CUSTOMERS TODAY

Hey [name]! Quick heads up — Easter is Saturday. If you know anyone with dogs who wants their yard cleaned before the egg hunt, I'm fitting in a few one-time cleanups this week. First cleanup free if they go monthly. Appreciate the heads up if you know someone!

Send to: Shannon, Amanda, Chastity first (Florissant = North County Map Pack signal). Then Greg, Jody, Preshus.

🎯 North County Campaign — Day 3 of 5 (Bridgeton)

- **NC-1 (Mon — Florissant/Hazelwood):** Posted ✅ — any replies/leads?
- **NC-2 (Tue — Hazelwood groups):** Posted ✅ — any replies/leads?
- **NC-3 (Today — Bridgeton):** **FIRE THIS MORNING** "Did your dog waste service disappear?" — orphaned customer hook. Targets: Bridgeton Residents Facebook group, St. Charles Rock Road corridor groups.
- **NC-4 (Thu):** Ferguson-focused, "how much poop has piled up since November?" angle
- **NC-5 (Fri):** "Last call — lost your service in North County?" — closes the week

🔍 **Check your DMs and comments NOW.** NC-1 and NC-2 both fired earlier this week. Any replies are hot leads — they've been thinking about this since November when their service disappeared. The "what happened to my old service?" replies convert at 40-60% to paying customers. Don't leave them unread.

NC-3 BRIDGETON POST (COPY AND PASTE)

Did your poop scoop service disappear on you in North County? 🐕💩

You're not alone. A lot of Bridgeton families lost their service over the past year and have been stuck doing it themselves since.

We're Tidy Tails — local St. Louis owner, not a franchise. We cover Bridgeton (63044), Hazelwood, Florissant, Ferguson, and surrounding North County. \$70/month flat rate, no contracts, and we text you 30 min before every visit so you don't have to wonder if we showed up.

First cleanup is FREE if you sign up this month. Text 314-850-7140 or reply here.

TuffShed / WoodMaster — Last Day Playbook

THE 4-LISTING SCHEDULE (APRIL 1 BLITZ KIT)

- **7-8 AM:** "April Fools — But These Prices Are Real" — full 23-unit inventory overview with tariff framing. Most shareable listing of the year.
- **10-11 AM:** 12x24 Garage focus — two units (\$11,299 each, Charcoal + Taupe). Highest commission. Target: serious buyers.
- **1-2 PM:** Color standouts — Aqua Teal, Navy, Sage Green, Teal Barn, Natural Wood. Instagram-worthy visual, drives DMs.
- **4-5 PM:** Entry level \$3,509-\$4,699. Afternoon budget-sensitive browsers. "Start this weekend" hook.

FB PAGE + SOCIAL (POST AT EACH WINDOW)

- **Morning FB:** "April Fools: these prices are real and they're the last pre-tariff prices we'll have." Link to listing.
- **Instagram:** Visual of 1-2 units from inventory with April Fools humor + tariff urgency caption
- **Evening FB Group:** "Last call" — soft close, doesn't re-pitch, just reminds the window closes at midnight

OBJECTION SCRIPTS FOR TODAY'S REPLIES

- **"Is this a joke?"** → "No joke — tariffs on lumber + steel take effect April 2. These prices are locked in today only. Happy to text you a quote."
- **"How much will prices go up?"** → "Honestly, I don't know exactly — but lumber is at \$501/MBF and with 45% tariffs baked in, it's significant. Current prices are the floor. I'd rather tell you the truth than oversell it."
- **"Let me check with my spouse"** → "Totally understand — I'll hold your spot until end of day. What size were you thinking? I can text you a written quote to share with them."

After today: The tariff urgency angle is GONE. April 2 prices will be what they are. Stop using it after midnight tonight — you don't want to be the person still running "last day" posts on April 5th. Authenticity is the brand.

📞 Commercial Calls — Top 5 This Morning

Wednesday 10 AM–noon is the single best calling window of the week. Property managers are at their desks, it's past the Monday chaos, and before the end-of-week wrap-up mode. Hit the top 5 now.

CALL IN THIS ORDER

- **1. Willowbend (Town & Country) — (636) 200-6759** — Ask for Dejon. 4.7★/150 reviews, dog park, #1 conversion probability in the batch.
- **2. The Finn (Hazelwood) — (314) 254-8989** — Dog park property = easiest pitch in the kit. "Your residents love their dogs. We handle what comes after the dog park."
- **3. Village Square (Hazelwood) — (314) 227-1937** — Ask for DeAnyai. 4.8★/138 reviews, manager knows every resident by name. Personal service angle.
- **4. ReNew Chesterfield — (636) 245-2784** — Dog wash station = resident turnover problem if the dog walk areas are a mess. Lead with dog amenities ROI angle.
- **5. NRE Management (Webster Groves) — (314) 968-1863** — One call, two properties. Colonial Village + White Bluff. Portfolio close = highest LTV in the batch.

UNIVERSAL CALL OPENER (30 SECONDS)

"Hi, I'm looking for whoever handles your property's vendor services — specifically pet waste removal. My name's TJ with Tidy Tails. We're a local St. Louis company that services apartment communities in [area]. We handle the dog walk areas, common lawn spaces, and can do station maintenance for about \$150-\$300 a month depending on your property size. I know pet waste is one of the top resident complaints — is this something you've looked into?"

1 commercial close = 3.6 residential equivalents at \$70/mo avg. Closing Willowbend at \$200/mo = same as adding 3 residential customers in one call. Do the calls.

FB Ads — Day 2 Check-In

Ads launched Monday March 30. By today, you have ~48 hours of data. Here's what to look for and what to do:

HEALTHY VS. CONCERNING METRICS

- **Impressions:** Should be 300-1,000+ by now at \$7/day. If under 100 → audience too narrow, widen zip codes.
- **Leads:** Even 1 lead in 48 hours is a win. Zero leads but healthy impressions → check the /spring landing page is loading correctly (not 404).
- **Relevance Score:** If Facebook shows "Below Average" → swap the creative (video ad performs better than static image for cold audiences).
- **CTR (Click-through rate):** Anything above 1.5% is healthy. Below 0.5% = creative needs work.

QUICK FIXES IF NEEDED

- Low impressions → add more zip codes (expand to all South County zips, not just the core 5)
- Clicks but no leads → /spring page is loading wrong — test it at tidytailsstl.com/spring
- Zero results everything → ad might still be in review (normal, especially Day 1)

Don't panic at Day 2. FB ads need 5-7 days to optimize. The algorithm is learning. Give it through Monday before making big changes. Just check for "In Review" or "Rejected" status first.
