DOG WASTE — Tidy Tails

✓ Completed Today (8 items)

✓ **SEO Emergency Audit** — Full technical audit confirmed site:tidytailsstl.com = 0 results. Root cause: Google Search Console never set up. Built 4-tab interactive dashboard with 10-step fix checklist.

CRITICAL

✓ **Spring Deep Clean Campaign** — Complete marketing campaign: \$99 deep clean + \$35 first month offer. 3 Facebook posts, 2 Nextdoor posts, 3 text templates, 10 Facebook groups identified, 8 dog parks mapped. Deployable in 90 min from phone.

✓ **Commercial Outreach Kit** — 7-tab interactive toolkit to activate 49 dormant commercial leads. Call sheets with clickable phone numbers, 4 phone scripts, 3 email templates, optimized vet clinic walk-in route, 9 objection handlers, follow-up sequences.

✓ **Referral Program Toolkit** — "Friends & Clean Yards" program. Free visit for referrer, 50% off for new customer. 7 copy-paste texts for Jamie, 3-tier incentives, interactive tracker, 14-day launch playbook. ROI: 4,700%.

✓ **Spring Events & Partnerships Playbook** — 5 major events (Earth Day Festival, Bark in the Park, K9 Garden), 15 verified local pet businesses with phone numbers, 8 scripts, event materials, 13-item action plan. K9 Garden is brand new — partnership opportunity.

✓ **Google Reviews Blitz Toolkit** — 4 text templates, email template, in-person script, customer tracker, 7-day blitz plan. Zero reviews is the #1 blocker — this fixes it.

✓ **Spring Events Calendar** — 12 pet events mapped for Mar-May. Adoption Paw-ty is NEXT WEEK (Mar 28). Arch Bark Apr 18 (Purina-sponsored, thousands attend). Bark in the Park May 16.

✓ **Live Competitor Pricing Intel** — All 7 STL competitors scraped. Tidy Tails at \$70/mo is THE cheapest. Closest: Poop2Scoop at \$78/mo. New threat: Scoop Soldiers entering STL.

💡 **KEY INSIGHT:** Tidy Tails has the lowest price in STL (\$70/mo) but zero Google visibility. Fix GSC + get 3 reviews = instant competitive advantage. Spring signup window (40% of annual signups) is OPEN NOW.

🏠 **SHEDS — TuffShed / WoodMaster**

✅ Completed Today (1 item)

✅ **Shed Market Competitive Pricing Intel** — 6-tab intelligence dashboard. 6 STL competitors profiled with verified pricing (TuffShed 10×12=\$4,248, STL Sheds 10×12=\$4,255-\$4,355). WoodMaster advantages documented. 5 copy-paste pitch scripts for Facebook Marketplace. 6 objection handlers. Revenue projection: 2-6 sheds/mo = \$600-\$2,400/mo.

💡 **KEY FINDING:** STL Sheds is the real threat — Amish-built, identical pricing to TuffShed, free delivery, prices online, active on TikTok. WoodMaster counters: engineering specs, hurricane straps, specialty buildings (K9 condos, greenhouses).

⚙️ **SYSTEMS & OPERATIONS**

✅ Completed Today (4 items)

✅ **Dashboard 3-Mode Redesign** — Complete overhaul from cluttered junk drawer to organized command center. 3 modes: ⚡ TODAY (action cards), 🛠️ TOOLS (28 items by category), 📁 ARCHIVE (90+ items with search). 24 pulsing links → 5 clean links. localStorage persistence. **TJ REQUESTED**

✅ **Dashboard Cleanup** — Archived 39 stale/unlinked HTML files (126 → 87). 30% lighter. Resolves chronic "unlinked pages" flag.

✅ **CRM Fix** — Found root cause of TJ not seeing Debo's CRM changes. File path mismatch (dashboard/ vs root). Copied and pushed.

✅ **Overnight Security Check** — OpenClaw 2026.3.13 current. 4 CVEs checked — all patched. No action needed.

📄 **TJ Conversation Outcomes**

✅ **New Rule Established:** Anything for TJ → PDF in chat AND dashboard. No more hidden docs in memory/.

🕒 **Telegram Topics:** Guide sent as PDF. Waiting for TJ to create group and topics.

⌚ **Backup Model Chain:** Need TJ's decision on OpenAI API key vs OAuth. Will bring up next session.
