Tariff Messaging Dies TODAY — Switch to Spring Hooks Immediately

The "pre-tariff deadline" is now past. Do NOT use tariff urgency in any shed post today or forward. It will read as misleading. TJ's brand = honest. Switch to Spring hooks from the Post-Tariff Playbook now. Dashboard: [dashboard/shed-post-tariff-playbook.html](https://tjsheds.com/dashboard/shed-post-tariff-playbook.html)

Today's Game Plan

7–8 AM — FIRST 30 MINUTES

- 1 **Post NC-4 Ferguson Facebook Group** — The orphaned customer hook. "Did you have Tidy Tails or Dog Doody Defenders in Ferguson?" Targets 63135/63136/63137. Copy from North County Launch Command. This is the final push in the NC-4 slot.
- 2 **Fire first Post-Tariff Shed post** — Use "Spring Project Season" hook from Tab 1 of the Post-Tariff Playbook. Listing 1 of 8 in the new April–June sequence. "April 2: prices have settled. Here's what everything actually costs now."

9 AM — NOON — COMMERCIAL CALLS

- 3 **Top 5 Commercial Calls (18 leads waiting)** — Open Commercial Calling Hub. Priority 1: Willowbend (Dejon, 636-200-6759), The Finn (dog park, 314-254-8989), Village Square (DeAnyai, 314-227-1937), ReNew Chesterfield (636-245-2784), NRE Portfolio (314-968-1863 — 2 properties, 1 call). This is the highest-LTV action in the entire pipeline. **1 commercial contract = \$250/mo avg = 3.6 residential customers.**

NOON — 2 PM — EASTER + DOG SPRINT

- 4 **Easter Sprint Kit — Fire "Last 2 Weeks" urgency post** — Post the "Last 2 Weeks" Facebook post from the Easter Sprint Kit. Easter is Sunday. Window closes Saturday AM. Converts parents who've been "thinking about it." Dashboard: [dashboard/easter-sprint-kit.html](#) → Tab 1, Apr 28 post (use now — 3 days out is same urgency).
- 5 **Text 3 customers for referrals** — Use the Easter hook: "Easter egg hunt this weekend? Know anyone who could use a cleanup?" Shannon, Amanda, Chastity first. Scripts in Easter Sprint Kit → Tab 2.

AFTERNOON — FB ADS CHECK-IN + SHED

- 6 **FB Ads Day 3 check-in** — Open Ads Manager. Healthy: 300–1,500 impressions, 1+ lead, <\$8 CPC. If impressions are <200, check that the ad is "Active" not "In Review." If no leads yet: normal — expect first lead by Day 4–7.
- 7 **Post "Tax Refund Season" shed listing** — Avg 2026 refund is \$3,170. That covers a 10x14 barn (\$5,099 on financing) or clears a clearance unit outright. Script in Post-Tariff Playbook Tab 2, Listing 2 (Apr 7–15). Fire it early — good timing with April refund window.

NC-4 Ferguson — Orphaned Customer Hook

Post in: Ferguson Community Connection, Ferguson Residents, Bridgeton/Hazelwood community groups. Best time: 7–9 AM.

Hey Ferguson / North County — quick question 🙋 Did you used to have a pooper scooper service and they just... stopped showing up? No call, no notice, just gone? It happens more than you'd think. Most of the services that were covering Florissant, Hazelwood, and Ferguson have either scaled back or stopped entirely. We're Tidy Tails — local St. Louis, not a franchise. We've been filling those gaps in North County. ✅ Flat \$70/month (1-5 dogs, same price) ✅ No contracts ✅ We text before every visit ✅ Local owner — not a franchise If your yard needs help after winter or you just lost your old service, text SWITCHING to (314) 850-7140 and we'll work with your old schedule. Happy to do a free first cleanup to show you what we're about. 🐾

Also works in Jennings/Normandy groups and the umbrella North County groups. Rotate which ZIP you call out based on the group.

Easter Sunday is April 5 — Close the Window This Weekend

DAYS TO EASTER

3

Sunday Apr 5 — egg hunts in yards

CONVERSION HOOK

\$75

One-time cleanup → \$840 LTV

Today's Post (Fire Now or This Afternoon)

🐣 Easter egg hunt this weekend — is your yard actually ready? Between the snow melting and winter buildup, most yards with dogs are still a mess. If you've got kids hunting for eggs on Saturday, you don't want them crawling through that. We can do a one-time yard cleanup before Sunday — flat \$75, no contract, texts before we show up. Already have a recurring service? You're good. But if you've been handling it yourself or letting it slide since winter... this is the week you actually fix it. 📱 Text (314) 850-7140 — "EASTER CLEANUP" and we'll get you on the schedule. Tidy Tails — local St. Louis, not a franchise. 🐾

Referral Texts — Send to Customers Today

Hey [Name]! Easter is this Sunday — got any neighbors or friends with dogs who might want their yard cleaned before the egg hunt? I'm squeezing in a few one-time cleanups this week. If anyone pops to mind, send them my way — I'll take care of them. 🐾

Send to: Shannon first (Florissant — she's in NC territory, referral is also an NC lead), then Amanda, then Chastity. All 3 have been on service long enough to know the quality.

Top 5 Calls — Do These Before Noon

Property managers are at desks 9 AM–4 PM weekdays. Today is a Thursday. **Thursday is the #1 best cold call day of the week.** You have the best-qualified batch of apartment leads in the dashboard right now.

- 1 Willowbend (Town & Country)** — 636-200-6759 — Ask for Dejon. 4.7★/150 reviews. Dog park. Pitch: "We already work in the Town & Country/Chesterfield area — wanted to reach out about keeping the dog park and common areas clean on a scheduled basis."
- 2 The Finn (Hazelwood)** — 314-254-8989 — 4.2★/715 reviews. HAS A DOG PARK. Pitch: "I noticed you have a dedicated dog park — we specialize in scheduled dog park maintenance for apartment communities. It's the #1 thing that keeps pet-friendly amenities actually usable."
- 3 Village Square (Hazelwood)** — 314-227-1937 — Ask for DeAnyai. 4.8★/138 reviews. Pitch: "Village Square is one of the highest-rated complexes in North County — wanted to see if you have any interest in scheduled pet waste service for your property."
- 4 ReNew Chesterfield** — 636-245-2784 — 3.8★/186 reviews. Has dog WASHING STATION — highest pet infra investment in batch. Pitch: "You clearly invested heavily in pet amenities — a dog washing station is impressive. Wanted to see if scheduled waste removal is part of that program or if that's still a gap."
- 5 NRE Management (Colonial Village + White Bluff)** — 314-968-1863 — ONE CALL = TWO PROPERTIES. Pitch the portfolio play: "If you manage multiple properties with dogs, we can set up a recurring route across all of them at a bundled rate — reduces your per-property cost significantly."

Universal 30-Second Opener (Paste This in Your Notes App)

"Hey, is this the leasing office for [Property Name]? Great — I'm TJ with Tidy Tails, we do scheduled pet waste removal for apartment communities in the St. Louis area. We handle the common areas, dog parks, and whatever the residents aren't picking up — on a weekly basis so it stays manageable. Is that something the property manager handles, or would I want to talk to someone else?"

Tariff Chapter Closed — Spring Opens Now

New Messaging Starts Today

The tariff hook was real and it worked. Now it's gone. Do NOT use it. Your brand is honesty — using a deadline that passed is how you lose trust. The new hooks are permanently true (spring, tax refunds, she shed, Father's Day). They compound forever.

Post 1 Today — "Spring Project Season" (April 2–7)

Alright, April is here. 🌱 Been getting a lot of messages asking what happened with the tariff deadline — honest answer: prices are pretty much where they were. The big increases that were predicted didn't fully materialize on our inventory because we pre-ordered a lot of what we have on the lot. So if you were waiting to see what happened — good news. The 23 units we have on the lot right now are still at the same prices as before. Spring is genuinely the best time to put a shed in — ground is workable, you've got the whole summer ahead, and most of the installs we do in April are enjoying their sheds by Memorial Day. Comment or DM if you want the full price list or have questions about what size fits your yard. No pressure, no deadline. Just here when you're ready. 📍 We're in Saint Charles — 5520 Westwood Dr 📞 636-354-7406

This Week's Marketplace Schedule (Post-Tariff Playbook Tab 2)

- **Today (Apr 2):** "Prices Settled Better Than Expected" honest update + all 23 units overview
- **Apr 7:** Tax Refund CTA — avg \$3,170 refund, financing math
- **Apr 14:** She Shed / Mother's Day opener (28 days out from May 10)
- **Full calendar:** Post-Tariff Playbook → Tab 2 → all 8 listings pre-written

Facebook Ads — Healthy vs. Warning Signs

✅ HEALTHY AT DAY 3

300–2,000 impressions

1+ leads (may be 0 still — normal)

CPC under \$2.00 is great

Reach 200+ unique people

⚠️ WARNING SIGNS

Under 100 impressions

Ad status "In Review"

0 reach after 48h

Budget not spending

If Something's Off

- **Ad stuck "In Review":** Normal for 24-48h. If still "In Review" after 72h, duplicate the ad set and resubmit.
- **No leads by Day 7:** Try swapping headline to "Free First Dog Poop Cleanup — St. Louis" — more direct.
- **Spending too slow:** Remove one narrow interest filter from audience targeting.

Don't touch the budget yet. \$7/day is learning mode. Give it 7–10 days before scaling.

✅ APRIL 2 MASTER CHECKLIST

Mother's Day Hub

May 10 — 38 days out

The Tariff Chapter Was a Sprint. Spring Is a Marathon.

You just ran the most intensive content and campaign sprint of the year. 57 blog posts. 5 campaign tools. Easter kit. Mother's Day hub. Post-tariff playbook. All live. You did all of that *while also running a business*.

Now the hooks are evergreen. Spring is always spring. Mother's Day is always May 10. Father's Day is always mid-June. Easter comes back next year. These tools compound forever.

The customer goal is 25 by August. You're at 11. That's **14 customers in 4 months** — 3.5 per month. You added at least 1-2 in the last 2 weeks alone from Paw-ty momentum. The commercial calling could close 2-3 in a single batch. This is doable.

Execute the checklist. Check the ads. Make the calls. Post the content. That's it. The compounding takes care of the rest.
