Blog post deduplication — Fixed keyword cannibalization on "dog poop laws" posts. Primary enriched with 3 sections (MSD environmental, enforcement process, Berkeley ordinance). Duplicate → redirect + noindex.

Competitor intel updated — New competitor: Pooley Pet Service (BBB A+, \$100/mo biweekly vs TJ's \$45). Low threat. Poop2Scoop confirmed active with new pricing. Total tracked: 15.

GBP Setup Wizard built — 8-step interactive guide, everything pre-written and copy-pasteable. 742-char description, 4 categories, 18 service areas, 7 photo guidelines.

⚠️ **Still invisible in search** — site:tidytailsstl.com = 0 Brave results. GBP 7% complete. Zero Google reviews. Zero directory listings.

No active TuffShed sale — Financing only (9.99% APR, no-credit-check RTO). Push clearance + garages for urgency.

 **Action for TJ/Darius:** Post 3-5 Marketplace listings per day starting Monday. Start with clearance + garages.

Tomorrow's Priorities (Monday, March 23)

 **Jamie calls commercial leads** — Use Monday Call Sheet. Start with Sentry (32+ HOAs, Danette Dietz) and Millsap (7 properties). Scripts are ready.

 **GBP completion** — Use the Setup Wizard. 20 minutes to go from 7% → 80%+. This is THE bottleneck for search visibility.

 **Text 5 customers for Google reviews** — Zero reviews = zero trust. Use review request text templates.

 **Post 3-5 shed listings on Marketplace** — Darius or TJ. Start with clearance units for urgency.

 **Create Nextdoor Business Page** — 10 min, free. Competitor Poop2Scoop is already there with 3 faves.
