DOG WASTE — Tidy Tails

✓ Completed Today

- **Dead Competitor Capture Plan** — 4 dead/dying competitors mapped (Pawfect, Fresh Paws, Poopy Paws, DoodyCalls retreat). 5 ready-to-use scripts for capturing orphaned customers. Revenue potential: \$1,000-2,200/mo.
- **Referral Partner Network** — 7 vet clinics, 7 daycares, 7 NEW apartment complexes, 2 HOA companies identified. Revenue potential: \$1,900-4,300/mo.
- **Vet Clinic Referral List** — 20 clinics across service area with phone numbers, 2 optimized Saturday drop routes, 30-second walk-in pitch script. Expected: 5 new customers/month from flyers alone.
- **Directory Submission Kit** — 22 directories in 3 tiers, copy-paste business info block, 1-hour blitz plan. This is THE action that unlocks Google visibility.
- **Weekend Execution Plan** — Consolidated 10+ deliverables into 5 moves, 2.5 hours total. Brain-dead simple "stop reading, start doing" plan.
- **Spring 2-Week Content Pack** — 13 unique posts for March 14-28 across FB, Nextdoor, Instagram. All ready to copy-paste.
- **Live Competitive Intel Scan** — Confirmed Super Scoopers STL is DEAD (new find). Scoop Soldiers expanding aggressively via M&A. TJ's \$25/week is 39% more than P2S's \$18/week.
- **Paid Advertising Strategy** — Full research report with real data from 7-figure pet waste companies. FB ads are #1 channel. \$500/mo could generate 5-8 new customers.
- **Referral Program Launch Kit** — "Friends Don't Let Friends Scoop" — double-sided rewards, 3 text templates, ROI: \$250 cost → \$500-1,500/mo new revenue.
- **Customer Experience Playbook** — 5-phase service workflow, 12 text templates, phone shortcuts saving 16-24 min/week. Stolen best tactics from Doggy Doods.
- **3 New SEO Blog Posts** — Dog poop smell, grass damage, multi-dog cleanup. Total blog: 6 → 9 posts (50% increase).

 **CRITICAL:** Google indexing still at ZERO pages (Day 8). Website is technically perfect but invisible. Directory submissions + Google Search Console = the fix. Every day without this = lost customers.

 **BIG INSIGHT:** The STL market is consolidating. 5 local operators dead in 12-18 months. Nationals expanding. The window to establish local dominance is NOW.

SHEDS — Redd's Shed Redemption

Completed Today

- **Weekend Weather-Triggered Ad Pack** — 6 ready-to-post Marketplace ads matched to this weekend's specific weather (64° Saturday → thunderstorms Sunday → 29° Monday). 2 Instagram captions. Posting schedule: Saturday 9 AM → Monday 7 AM.
- **Spring Sales Battle Card** — Phone-ready closer's toolkit with live competitor pricing, 7 objection scripts, complete financing breakdown (0% for 6mo, RTO no credit check), 4 urgency triggers including 35.19% lumber tariffs.

 **Tariff Urgency:** 35.19% combined Canadian lumber tariff + NEW Commerce Dept review opened March 9. Rates could go higher. This is the strongest sales lever available right now.
