DOG WASTE — Tidy Tails

✓ Completed Today

Review Generation System — 3 text templates, leave-behind card design, 30-day review velocity strategy, multi-platform expansion plan. Zero cost, highest ROI deliverable yet.

Physical Marketing Kit — Print-ready door hangers (2-up layout), yard sign design, Craigslist ad, FB Marketplace listing, 3 social posts, Nextdoor template. ~\$15 to execute.

Referral Partner Database — 20 pet businesses researched (vets, groomers, daycares, walkers, stores) in Kirkwood/Webster Groves. Priority-ranked with pitch scripts. \$25 investment → \$420-840/6mo return.

Real-Data Growth Playbook — Researched actual operators (Erica Krupin: 200 clients from FB groups, William Milliken: 7-figure via FB ads). 10 tiered strategies + 7-day sprint plan.

FB Group Blitz Package — 12+ STL FB groups identified, 3 copy-paste templates, follow-up system. Expected: 3-8 new customers from one sprint.

Customer Onboarding & Retention System — 7-stage lifecycle, 15+ text templates, churn red flags, review ask timing, referral program (\$20 off both ways).

Live Competitive Intelligence — 3 competitors DEAD (Pawfect, Fresh Paws, Poopy Paws). DoodyCalls possibly leaving STL. Poop 2 Scoop = main threat at \$18/wk.

SEO Blog Batch 2 — 4 high-intent posts (pricing guide, "7 Best" listicle, lawn health, new home move-in). Publishing schedule included.

GBP 4-Week Content Calendar — 8 ready-to-post Google Business Profile posts. Mon+Thu cadence. Photo instructions for each.

Video Content Scripts — 15 scripted TikTok/IG Reels across 5 categories. 3-week filming schedule. \$0 cost, proven viral potential in niche.

Nextdoor Domination Playbook — Complete Nextdoor strategy. No STL competitor active since 2022. 90-day calendar, recommendation scripts, Local Deals guide.

Weekend Warrior Blitz — Copy-paste package for Mar 14-16. 4 FB posts, referral texts, GBP post, DM templates. 15-minute action plan.

3 Fresh FB Group Posts — Spring angle, free first cleanup offer, \$70/month lead. Ready for TJ to post.

 **CRITICAL BLOCKER (Day 7):** tidytailsstl.com has ZERO Google-indexed pages. A dead competitor (Pawfect, 404 error) still ranks higher. Directory submission package has been ready since Mar 11 — TJ needs 30 min to execute. This is the #1 bottleneck to growth.

 **New Competitor Alert:** Scoop Soldiers (national franchise, military-themed) discovered with dedicated STL landing page. Ranking #5 for main keywords. Serves residential + commercial + HOAs.

SHEDS — TuffShed / WoodMaster

✔ **Completed Today**

Mid-March Shed Ad Blitz — 6 FB Marketplace ads (tax refund, spring cleaning, workshop, home office, resale value, She Shed/Mother's Day) + 3 IG captions with hashtags. 7-day posting schedule.

Marketplace Optimization Playbook — Algorithm hacks for TJ's 200+ listings. 15 high-converting hooks, competitor pricing cheat sheet (avg market: \$6,908), 7-photo strategy, weekly management schedule, 4 competitor counter-scripts.

 **Key Intel:** TuffShed's \$1,000 promo expired Feb 11. Delivery times now 3-5 weeks. Canadian lumber tariffs at 35% = real urgency angle for every listing. TJ's local service advantage is stronger than ever.

SYSTEMS & OPERATIONS

✔ **Completed Today**

SEO City Page Audit & Fix — Found 4 of 14 city pages serving duplicate homepage content (Kirkwood, Webster Groves, Olivette, University City). Built unique replacement pages with local landmarks and proper Schema.org markup.

Search Intelligence Audit — Full visibility check across all search engines. Confirmed 0 indexation. Mapped all competitor rankings. Identified Yelp (#4) and PetWorks (#3) as directory priorities.

Lead Platform Setup Guide — Google LSAs, Thumbtack, Bark, Craigslist, FB Marketplace. ROI analysis: \$450/mo → 5-8 new customers/month.

Competitor Spring Price Check — All 7 competitors scraped. TJ at \$70/mo is cheapest independent operator.

Multi-dog flat rate = unique advantage.

Memory Maintenance — Archived Mar 11 log (672 lines, 25 tasks). Updated MEMORY.md. Clean workspace for tomorrow.

Overnight Security Update — OpenClaw patched to 2026.3.11. All 8 known CVEs confirmed patched.
