🛢️ GAS STATIONS — INDEPENDENT ONLY (3 LEADS)

COLD CALL OPENER

"Hi, I'm Darius with TuffShed out in Saint Charles — we're the shed dealer right off [nearby road]. Do you have a moment? I work with a lot of [churches / schools / business owners] in the area and I've been reaching out to see if outdoor storage is something

that's ever come up for you."

IF INTERESTED

"We carry everything from small utility sheds to full workshop buildings — American-made, custom built. Free delivery and setup. We have financing options including 6 months deferred interest right now, and no credit check options too. Most businesses I work with are looking at a 10x12 to 12x16 — takes about a week to deliver. Would it be worth swinging by our lot or having me shoot you a quick quote?"

OBJECTION: "NO BUDGET RIGHT NOW"

"Totally understand. We have rent-to-own options too — no credit check, low monthly payments. Some people start at \$139/month. That way it doesn't hit the budget all at once."
