Priority 1 — Paw-ty Follow-Up Window Closes TODAY

DO FIRST

The 48-hour conversion window from Saturday's Paw-ty expires TODAY. Any warm lead who hasn't heard from you since Saturday goes cold at noon. Text them before 9 AM — before the day gets busy.

HOT LEAD FINAL TOUCH TEXT (LAST CHANCE)

COPY → PASTE → SEND TO ANYONE WHO SAID "MAYBE" SATURDAY

Hey [Name]! Just checking in one more time — still happy to get [Dog's name]'s yard squared away for the spring. We start at \$70/mo flat, no contract, and I'll text you before every visit. Want me to get you on the schedule? 🐾

IF THEY ASK "HOW DO I START?"

Easy — just text me your address and I'll confirm we cover your area (we cover most of the metro). Tell me your dog's name and I'll send you a start date. First visit is free 🐾

Win math: 2 Paw-ty converts = +\$140/mo MRR = +\$1,680/yr LTV. These texts take 5 minutes. Do them before coffee.

NC-1 FACEBOOK GROUP POST — FLORISSANT & HAZELWOOD GROUPS

POST IN: "FLORISSANT MO COMMUNITY," "I LOVE FLORISSANT," "HAZELWOOD MO RESIDENTS," "HAZELWOOD NEIGHBORS"

Dog owners in North County — this one's for you. 🐾

I run Tidy Tails, a local dog waste removal service based right here in the St. Louis area. I specifically cover Florissant, Hazelwood, Ferguson, and Bridgeton because most national services don't bother with North County routes.

Here's the deal:

- \$70/month flat — 1 or 2 dogs, same price
- No contracts, cancel anytime
- I text you "on my way" before every visit and "all done" when I leave
- First visit is FREE so you can see how it works

If your old service disappeared or you've just been dealing with a messy yard, I'd love to help.

Text "NC" to (314) 850-7140 or drop your neighborhood below and I'll confirm I cover you.

— TJ, Tidy Tails 🐕

Where to post: Search Facebook for "Florissant MO," "Hazelwood Missouri," "North County STL" groups. Post to 3-4 groups, space them 1 hour apart so it doesn't look like spam. Post the Nextdoor version on Nextdoor Florissant / Hazelwood neighborhoods simultaneously.

NC-1 NEXTDOOR VERSION (POST AT THE SAME TIME)

Hey neighbors — I wanted to introduce myself. I'm TJ, and I run Tidy Tails, a dog waste removal service that actually covers North County (Florissant, Hazelwood, Ferguson, Bridgeton).

Weekly service is \$70/month flat, no contracts. I text before every visit and when I'm

done. First cleanup is free.

If you've been looking for a reliable local service – or if your old one disappeared – I'd love to chat. Drop a comment or text me directly at (314) 850-7140. 🐾

FIRST 48 HOURS

Don't panic if results are slow. Facebook needs 24-48hrs to optimize. Check Tuesday morning.

Hazelwood, MO · Angle: Hazelwood underserved, no national franchise does reliable route here

30-SECOND WALK-IN SCRIPT

Hi! I'm TJ with Tidy Tails — we're a local dog waste removal service, and we specifically cover North County because most services skip this area. I was hoping to leave a few flyers in your waiting room — a lot of your clients with dogs might appreciate knowing there's a reliable local option. We even do a free first cleanup so they can try it risk-free. Would that be okay?

Partnership offer: Any clinic that puts flyers out → 1 free month of service for a staff member's dog. Zero cost, massive goodwill, and they become your best referral source.

DAY 2 (TOMORROW — APRIL 1)

FERGUSON ANIMAL HOSPITAL

Priority 5 — Millsap Properties: Make the Call

TODAY

TARGET

Millsap Properties — St. Louis area property manager with multiple complexes. This is the commercial contract that could add \$800-1,400/mo MRR in one shot.

TOOL READY

Commercial Proposal Builder at **dashboard/commercial-proposal-template.html** — click "Load Millsap" for pre-filled proposal ready to email after the call.

30-SECOND PHONE OPENER

Hi, I'm calling for [property manager name] — my name's TJ Halpin, I run Tidy Tails. We handle pet waste removal for apartment communities and HOAs in the St. Louis area. I know pet waste is the #1 tenant complaint in dog-friendly communities. I'd love to take 5 minutes to tell you how we handle it — is now a good time, or would later this week work better?

Lumber & Steel Tariffs Take Effect April 2 — Wednesday

Use "pre-tariff pricing" in every Marketplace message and post through Wednesday. This is real urgency, not manufactured. It works.

TODAY'S SHED ACTIONS

- ☐ **Post 1-2 Marketplace listings with tariff hook** — "Pre-tariff pricing through April 2" framing. Use weekend drop copy from [shed-weekend-drop-mar28.html](#). **TODAY**
- ☐ **Reply to all open Marketplace inquiries** — Lead Response Kit at [dashboard/shed-lead-response-kit.html](#). Every hour of delay = lost sale. **TODAY**
- ☐ **Post "Last chance before tariffs" IG/Facebook Monday** — use the tariff hook script from April Content Calendar. **HIGH**

The tariff hook closes deals this week. Someone who was "thinking about it" converts when they hear "prices go up Wednesday." This window is real and closes in 3 days.
