DOG WASTE — Tidy Tails

Today's Big Wins

- **Competitive Pricing Threat Brief:** Full scrape of every STL competitor's real pricing. TJ is the MOST EXPENSIVE at \$108/mo. POOP 911 at \$52, Doggie Doodies at \$83. Built interactive pricing comparison dashboard.
- **Premium Pricing Toolkit:** 7 objection-killer scripts to turn highest price into a closing advantage. Interactive value calculator, budget vs premium comparison, 5-step closing framework, 8 copy-paste text templates.
- **Nextdoor 14-Day Launch Kit:** Complete copy-paste playbook — 14 posts (7 per week), setup checklist, ongoing strategy, rules to avoid getting flagged. Tabbed interface with copy buttons.
- **Facebook Group Blitz Playbook:** Researched founders who went 0→39 customers in 3 months. 7 copy-paste posts, 15+ specific STL groups, response templates.
- **Spring Content Pack:** 12 ready-to-post social media pieces (5 FB, 3 Nextdoor, 4 Instagram) with interactive dashboard + one-click copy buttons.
- **Quote Calculator:** Mobile-first 4-step wizard with dynamic pricing for 48 combinations. Franchise comparison, annual savings display, lead capture, direct call/text buttons.
- **Print Marketing Kit:** Door hanger, leave-behind card, yard sign, referral postcard — all print-ready with distribution strategy. Expected ROI: 2,400-5,400%.
- **Facebook Ads Campaign Kit:** Dedicated spring landing page + 3 ad campaigns + dashboard tool. \$7/day budget → 4+ bookings → \$190 profit month 1.

Research & Intel

- **Local Citation Audit:** TJ missing from 7+ directories where competitors are listed. Built interactive citation tracker with 18 priority-ranked directories.
- **26 New Commercial Leads:** Senior living (10), dog-friendly bars (11), municipal dog parks (5) — three completely untapped verticals.

- **Competitive Intel Sweep:** Doggie Doodies EXPANDED to St. Charles County. New competitor "Dirty Dog Wash Poo Crew" discovered (\$95/mo). POOP 911 franchise covering 70+ zip codes. Clean Turf pivoted to dual-service.
- **SEO Blog Post:** "Dog Poop Laws in Missouri" — 1,800+ words targeting keyword gap NO competitor covers. FAQPage schema for rich snippets.
- **Lead Gen Platforms Guide:** Pooper-Scooper.com = EMPTY for Missouri (\$7/mo to be only listing). Thumbtack has pet waste category. Angi = AVOID.

⚠ **CRITICAL:** tidytailsstl.com STILL NOT INDEXED by Google. site:tidytailsstl.com = 0 results. Every active competitor IS indexed. This is the #1 blocker for organic growth.

💡 **Pricing Reality:** TJ is the most expensive option in STL (\$108/mo vs \$52-95 competitors). Recommendation: DON'T lower price — add \$89/mo monthly plan option + lean into "owner shows up" differentiation. Free first cleanup = secret weapon.

SHEDS — Backyard Buildings STL

- **Payment Calculator SHIPPED:** Interactive calculator with 3 payment modes (Financing, Rent-to-Own, Cash). Full 23-building inventory with monthly payment overlays. Click any building → auto-sets calculator. Targeting "shed financing St Louis" keywords.
- **Urgency Messaging:** Lumber crossing \$501, 45% tariffs, 22 mills closed — "Today's price is tomorrow's discount"
- **Updated Main Site:** Footer link + inventory buttons now route to payment calculator

✅ **Key tool:** Turns \$3,509 shed sticker shock into "just \$89/mo" — no competitor in STL has this.

SYSTEMS & OPS

- **Weekly Execution Dashboard:** "Stop Building, Start Doing" — 7-day interactive plan with 20 tasks (~11 hrs/week), priority levels, time estimates, expected lead counts, and direct links to every relevant deliverable. Added as #1 priority card on main dashboard.
- **Memory Maintenance:** Archived Mar 14-15 task log (767 lines). Updated MEMORY.md with competitor tables, deliverable counts, strategic learnings.
- **Morning Briefing:** 8:30 AM cron — generated, PDF'd, emailed. Covered review asks, dead competitor capture, Mattress Dogzzz event prep, security audit (all 7 CVEs patched ✅).

- **Security:** OpenClaw 2026.3.13 up to date. ClawJacked CVE-2026-25253 (CVSS 8.8) — PATCHED. 6 additional CVEs reviewed, all patched in current version.
- **Git:** Multiple pushes throughout the day. All deliverables live on GitHub Pages.

TOMORROW'S PRIORITIES (Monday, March 16)

Critical — Do First

- **Start Weekly Execution Dashboard:** Monday tasks include Facebook group posts (3 groups), citation submissions (Google, Yelp, Bing Places), and GBP post
- **Post in Facebook Groups:** Use the Blitz Playbook — copy-paste the "Spring Minefield" intro post into 3 STL dog owner groups
- **Submit Tier 1 Citations:** Google Business Profile, Yelp, Bing Places (45 min total from citation tracker)

High — Same Day

- **Set Up Nextdoor Business Page:** Follow the 14-Day Launch Kit Day 1 checklist
- **Call K9 Garden (Bar K):** Pitch referral partnership — brand new venue, perfect timing
- **Text existing customers for Google reviews:** Use review request templates from Jamie's Hub

Medium — This Week

- **Senior Living Cold Calls:** Start with Meramec Bluffs (Ballwin) and Friendship Village (Chesterfield)
- **Launch Facebook Ads:** \$7/day spring deep clean campaign — landing page is ready
- **Distribute 50 Door Hangers:** Ballwin neighborhoods near current customers
