(314) 405-1800

WEBSITE

tribeca-stl.com

MANAGED BY

Mission Rock Residential

Why Good Fit: Luxury CWE apartments with a *spacious dog park AND a pet spa* — same Mission Rock Residential brand that manages Emerald Crossing and Steelyard (already in pipeline). Landing Tribeca gives us a 3-property bundle pitch to Mission Rock corporate. CWE is STL's most dog-dense walkable neighborhood. High-income renters with dogs = premium pricing accepted. Common area + dog park ground floor = professional waste management is a must for this caliber of property.

JAMIE'S PITCH

"We service several Mission Rock properties across St. Louis. Your dog park and outdoor areas see a LOT of traffic — we'd love to keep them clean. Weekly professional service, one flat monthly rate. Same vendor your other MR communities use."

● K9 Garden STL ★★ BRAND NEW — HIGH TRAFFIC

\$250-\$500/mo

Indoor + Outdoor Dog Park / Café & Bar · Forest Park Southeast

ADDRESS

4565 McRee Ave, St. Louis, MO 63110

WEBSITE

k9garden.com

HOURS

Mon–Fri 6AM–9PM · Sun 8AM–6PM

Why Good Fit: Opened January 2026 at the former Bar K location — brand new with no vendor relationships locked in yet. Indoor AND outdoor dog park, full-service café and bar. Dogs are running around all day both indoors and out. Right next to The Rail Apartments (268 units, 80% projected dog ownership). This is ground zero for STL's dog district. Bundle K9 Garden + The Rail + Cortona at Forest Park = 3-stop route in a 10-block radius.

JAMIE'S PITCH

"You just opened — congrats! We're Tidy Tails, local pet waste removal. With dogs running all day in your outdoor areas, we can handle professional cleanup so your staff focuses on the experience, not the scooping. Flat monthly rate. Let's talk."

**Tribeca STL — Mission Rock Bundle Strategy**

Multi-Property Bundle — Mission Rock Residential · 3 Properties

\$600–\$1,200/mo**CONTACT**

Mission Rock Corporate Office

PROPERTIES

Tribeca STL + Emerald Crossing + Steelyard

WEBSITE

missionrockresidential.com

Why Good Fit: Mission Rock Residential manages at least 3 STL properties with dog parks or pet amenities — Tribeca STL (CWE), Emerald Crossing (Overland/Bridgeton), and Steelyard (South City). One corporate vendor relationship = access to all 3. This is the playbook that worked for Aventura (3 properties, one pitch). Reach out to property management level, not leasing — ask for vendor services or facilities coordinator.

JAMIE'S PITCH

"We're building our St. Louis route and noticed Mission Rock manages several dog-friendly communities. We'd love to offer a volume discount across all your STL properties — one vendor, one invoice, consistent service. Could we get 15 minutes with whoever handles vendor relationships?"

**Canopy at Midtown** **LUXURY — MIDTOWN STL**

New Luxury Apartment Complex · Dog Park · Midtown Corridor

\$250–\$450/mo

AREA

Midtown St. Louis, MO 63108

STATUS

New Build / 2025–2026

APPROACH

Search Google → call leasing office

Why Good Fit: The Midtown corridor (Grand Blvd, Chouteau, St. Louis Ave) is experiencing a significant apartment building boom as of 2025–2026. Multiple new luxury builds are opening with dog parks as a standard amenity. New builds = no vendor contracts locked in yet. First-mover wins the relationship before they settle on a management company's preferred vendor list. Research via apartments.com search for "Midtown St. Louis new 2026 dog park" to find the current batch.

JAMIE'S PITCH

"Just opened? We'd love to be your first pet waste vendor — keeping that new dog park pristine from day one. Local service, flat monthly rate, no contract. Let's talk before you're locked into a national chain."

 Webster Groves Vet Clinic Row **REFERRAL BLITZ**

Vet Referral Partnership · South County / Webster Groves Corridor

\$400–\$800/mo in referrals**TARGET CLINICS**

Webster Groves Animal Hospital, Animal Hospital of Maplewood, Brentwood Animal Hospital

APPROACH

Walk-in with cards + flyers

Why Good Fit: The Webster Groves / Maplewood / Brentwood corridor is one of STL's most dog-devoted demographics — walkable neighborhoods, high dog ownership, above-average income. Kirkwood Animal Hospital is already in the pipeline. Expanding the vet blitz SOUTH fills a critical gap: we have 6 North County vets and zero in the South County vet cluster. Three walk-in visits in one afternoon = potentially 300–600 dog owner clients seeing Tidy Tails cards. This also pairs perfectly with The Rockwood and Pacific Place senior living leads (Webster Groves) — same route, one afternoon.

JAMIE'S PITCH

"Hey — we're Tidy Tails, local pet waste removal. We know your clients love their dogs — we keep their yards clean. Can we leave a small stack of cards here? We give your clients 10% off their first month. Zero cost to you, your clients love you for it."

PIPELINE SUMMARY AFTER TODAYTotal commercial leads in pipeline: **112** (up from 107 on April 1).Highest ROI this week: **K9 Garden** (brand new, no vendor yet) and **Mission Rock bundle** (3 properties, one call).

North County vet blitz still the #1 zero-cost activity available — 6 vets, one afternoon, potentially 12+ residential

customers.

South County expansion is the next frontier — Webster Groves/Maplewood vet blitz + Kirkwood = anchor the South route.
