"The Sunday Visitor"

Hook: Easter/family gathering angle — company's coming, yard's a mess

 **MARKETPLACE TITLE:** 10×12 Storage Shed | FREE Delivery | \$167/mo — Company Coming? Get Ready.

Company's coming today.

The yard looks fine.

The GARAGE, though?

That's a different conversation.

Nobody's walking through the garage, but YOU know it's in there — bikes, boxes, holiday stuff, your cousin's kayak from 2021.

One shed fixes all of it.

"The April Price Check"

Hook: Tariff follow-up — prices locked in, window closing, no fear-mongering, just math

 **MARKETPLACE TITLE:** 8×10 Utility Shed | Lock In Pre-Tariff Price | \$139/mo | FREE Delivery STL

Not trying to scare you.

Just doing the math:

Lumber costs went up again in Q1.

Steel's not getting cheaper.

April tariffs kick in Tuesday.

I locked in my pricing before the increase. That means you still get the old price — for now.

Could I raise prices next month? Yeah, probably.

- ✓ Traditional financing available
- ✓ Rent-to-own — no credit check
- ✓ FREE delivery & setup
- ✓ Dozens in stock, ready to go

No drama. Just a fair heads-up.

"The Treadmill Confession"

Hook: Treadmill in garage humor — gym stuff displaced the car, relatable clutter guilt

 **MARKETPLACE TITLE:** 10×16 CUSTOM Workshop / Gym / Office Shed | \$208/mo | FREE Setup Included

Real talk.

Your treadmill is in the garage.
The treadmill you swore you'd use.

Next to the elliptical from 2019.
And the dumbbells you haven't touched since February.

Your car is outside.
In Missouri.
Where it hails.

Here's the move: put a shed in the backyard, turn the garage back into a garage, and keep calling it a home gym if that makes you feel better.

- ✓ Workshop
- ✓ Actual home gym (with room to use it)
- ✓ Storage
- ✓ Whatever you want, honestly

 Financing from \$139/mo
 FREE delivery & setup
No pressure — just options.

"The April List"

Hook: April task list / spring to-do — lighthearted action prompt, soft close

 **MARKETPLACE TITLE:** 12×16 Premier Shed | Custom Built | \$249/mo | FREE Delivery — Do It This April

April checklist:

- ☐ File taxes
- ☐ Clean out gutters
- ☐ Actually park in the garage for once
- ☐ Figure out where to put the lawn mower, the leaf blower, the holiday bins, and that one shelf you swore you'd hang

One of these is easier than it sounds.

A shed solves the last two.
(And one less thing on the list feels really, really good.)

- ✓ FREE delivery & setup — seriously free
- ✓ Rent-to-own, no credit check
- ✓ Traditional financing, as low as \$139/mo
- ✓ Dozens in stock, see them in person

No judgment. Just a shed and more space.
